

An AMAZING DISCOVERY

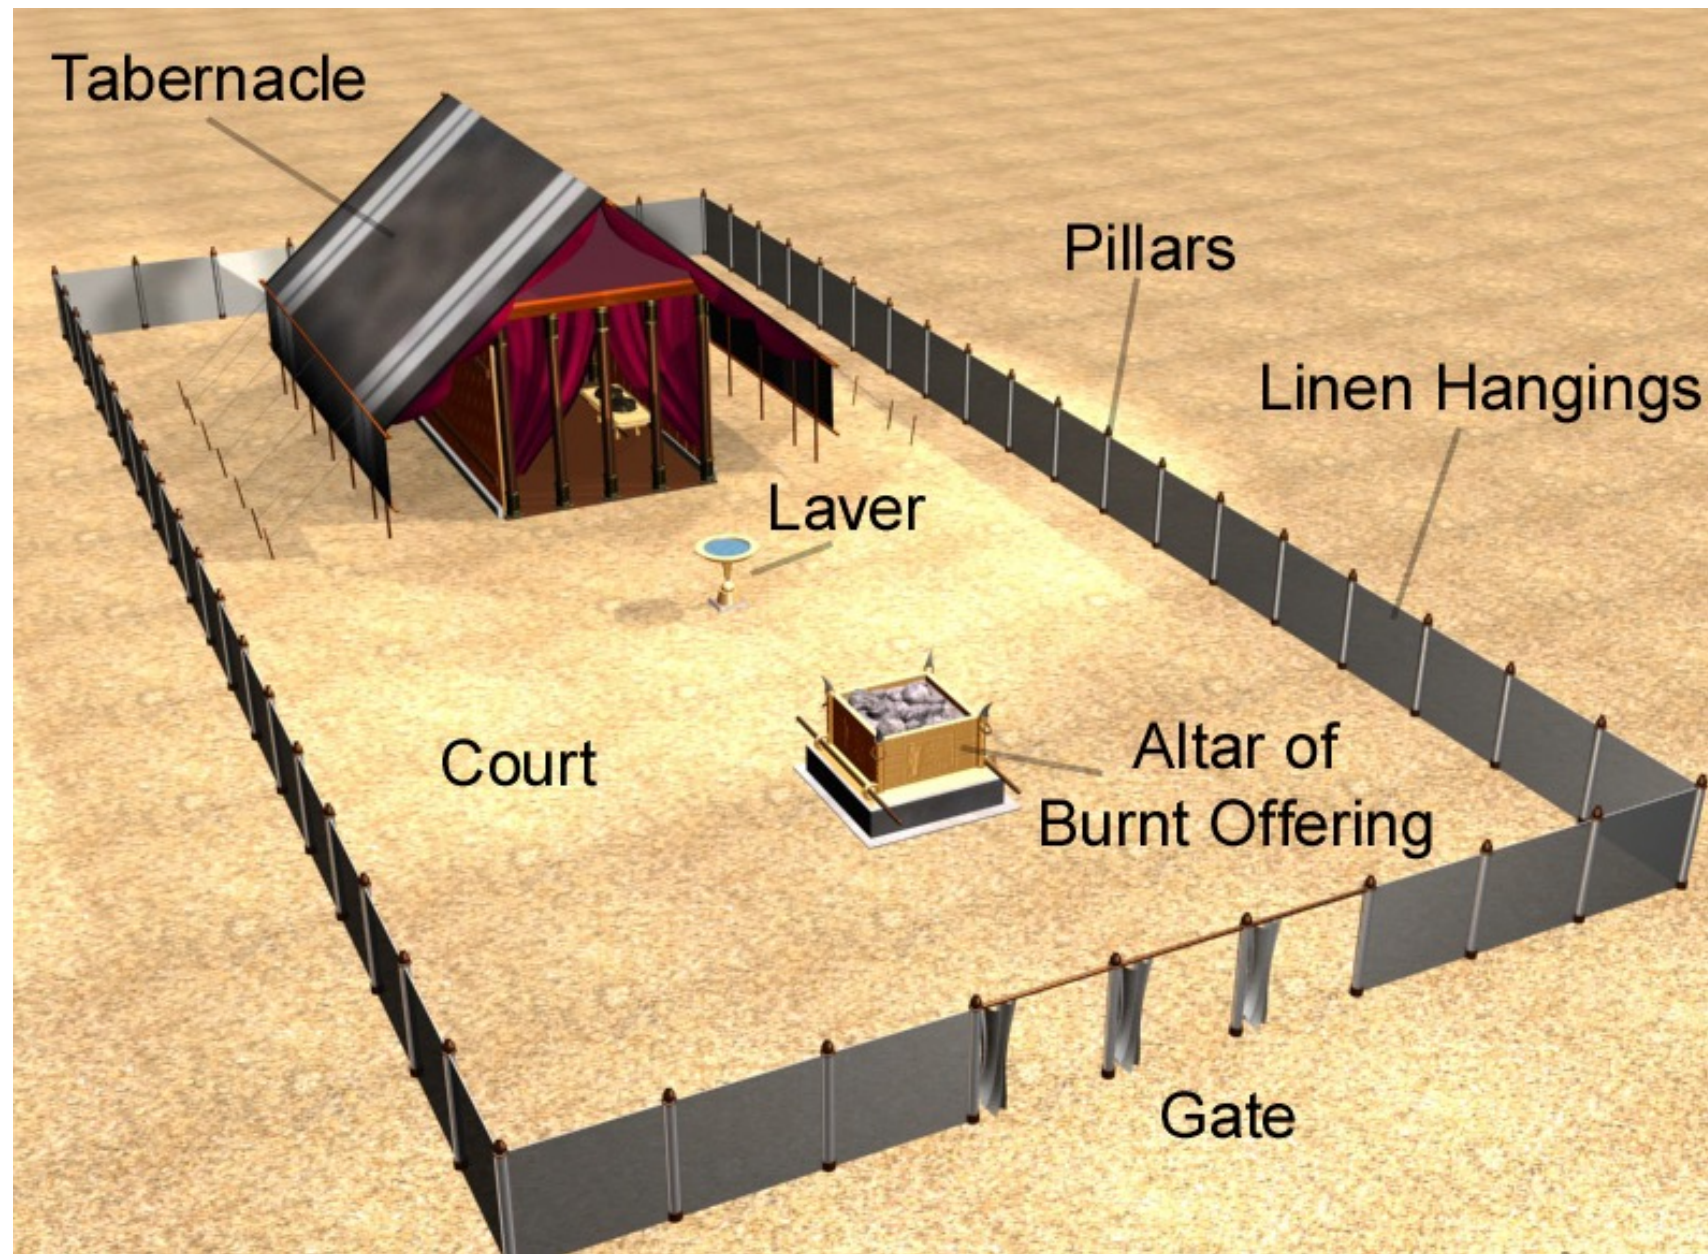

Hello everyone!

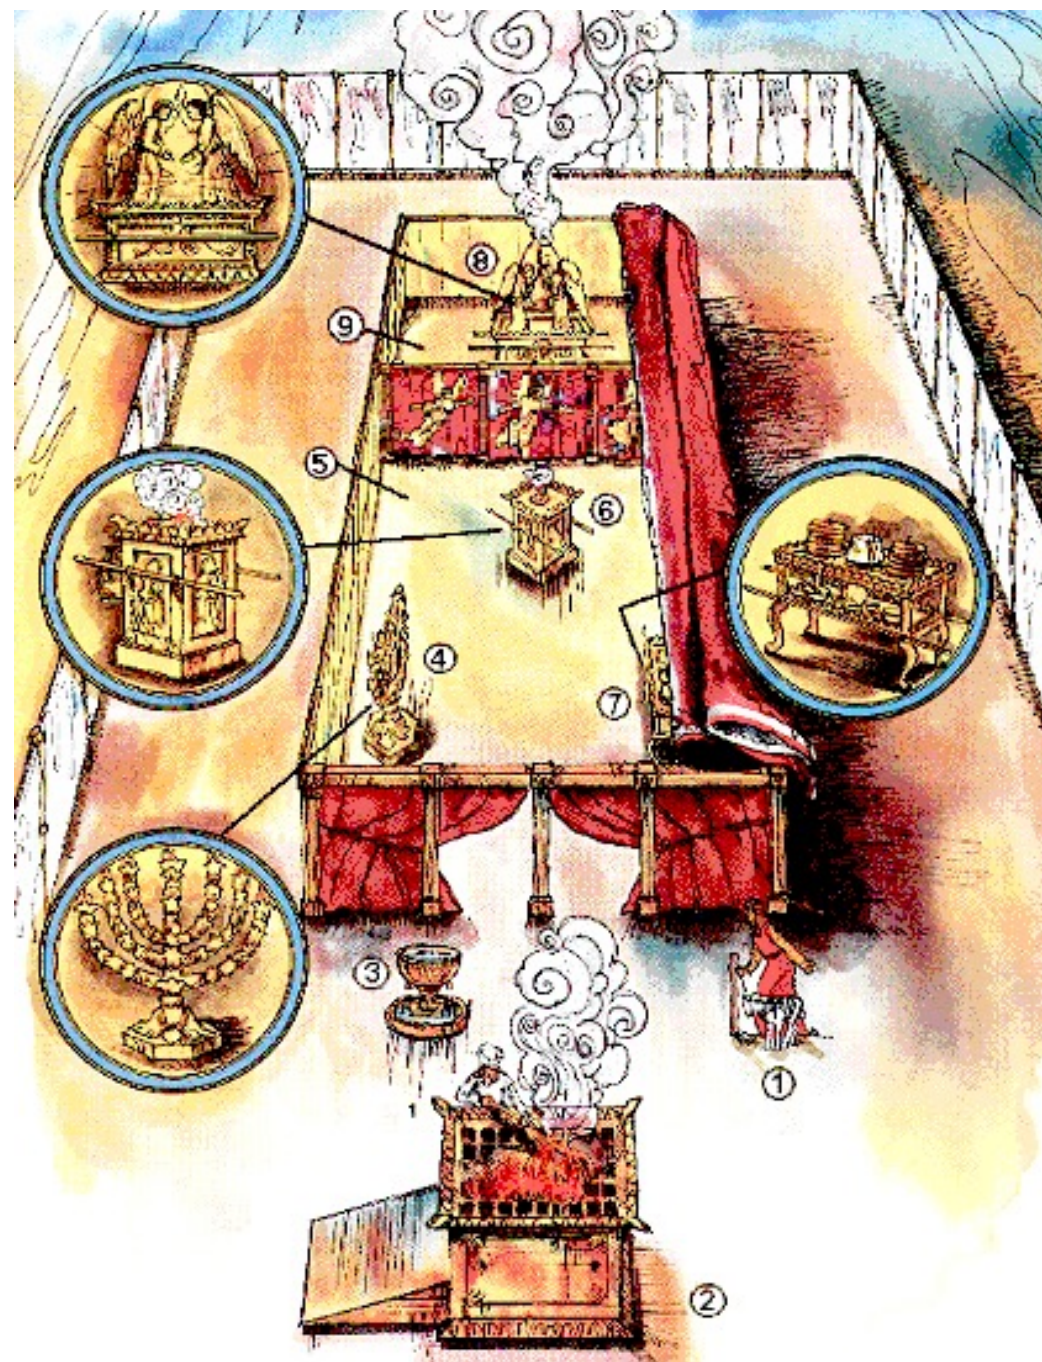

It's my pleasure to share with you all, a truly remarkable series of awakenings I've experienced over the years, from about 1996 onwards. It has to do with archaeology and the Scriptures, and particularly the Hebrew Sanctuary.

In the Hebrew economy as far back as the Exodus, and at Mt Sinai in Arabia—Galatians 4:24,25—(NOT Egypt, as shown in most Bible Maps), God instructed Moses to have the people “make Me a sanctuary, (tabernacle), that I may dwell among them.” Exodus 25:8

The Sanctuary consisted of an Outer Courtyard, and a two-apartment building with a rectangular Holy Place, and a square Most Holy Place.

As can be seen from the illustrations, the Sanctuary consists of two apartments—a rectangular Holy Place, in which the priests ministered daily. It contained the Table of Shewbread, the Altar of Incense, and the Menorrah or seven-branched Candlestick for lighting.

Separated from the Holy Place by a thick Veil was the square apartment known as the Most Holy Place, into which the High Priest entered ONCE every year, on behalf of himself and the people, with sacrificial blood, on the Special Day of Atonement, after ten days of heart-searching and preparation.

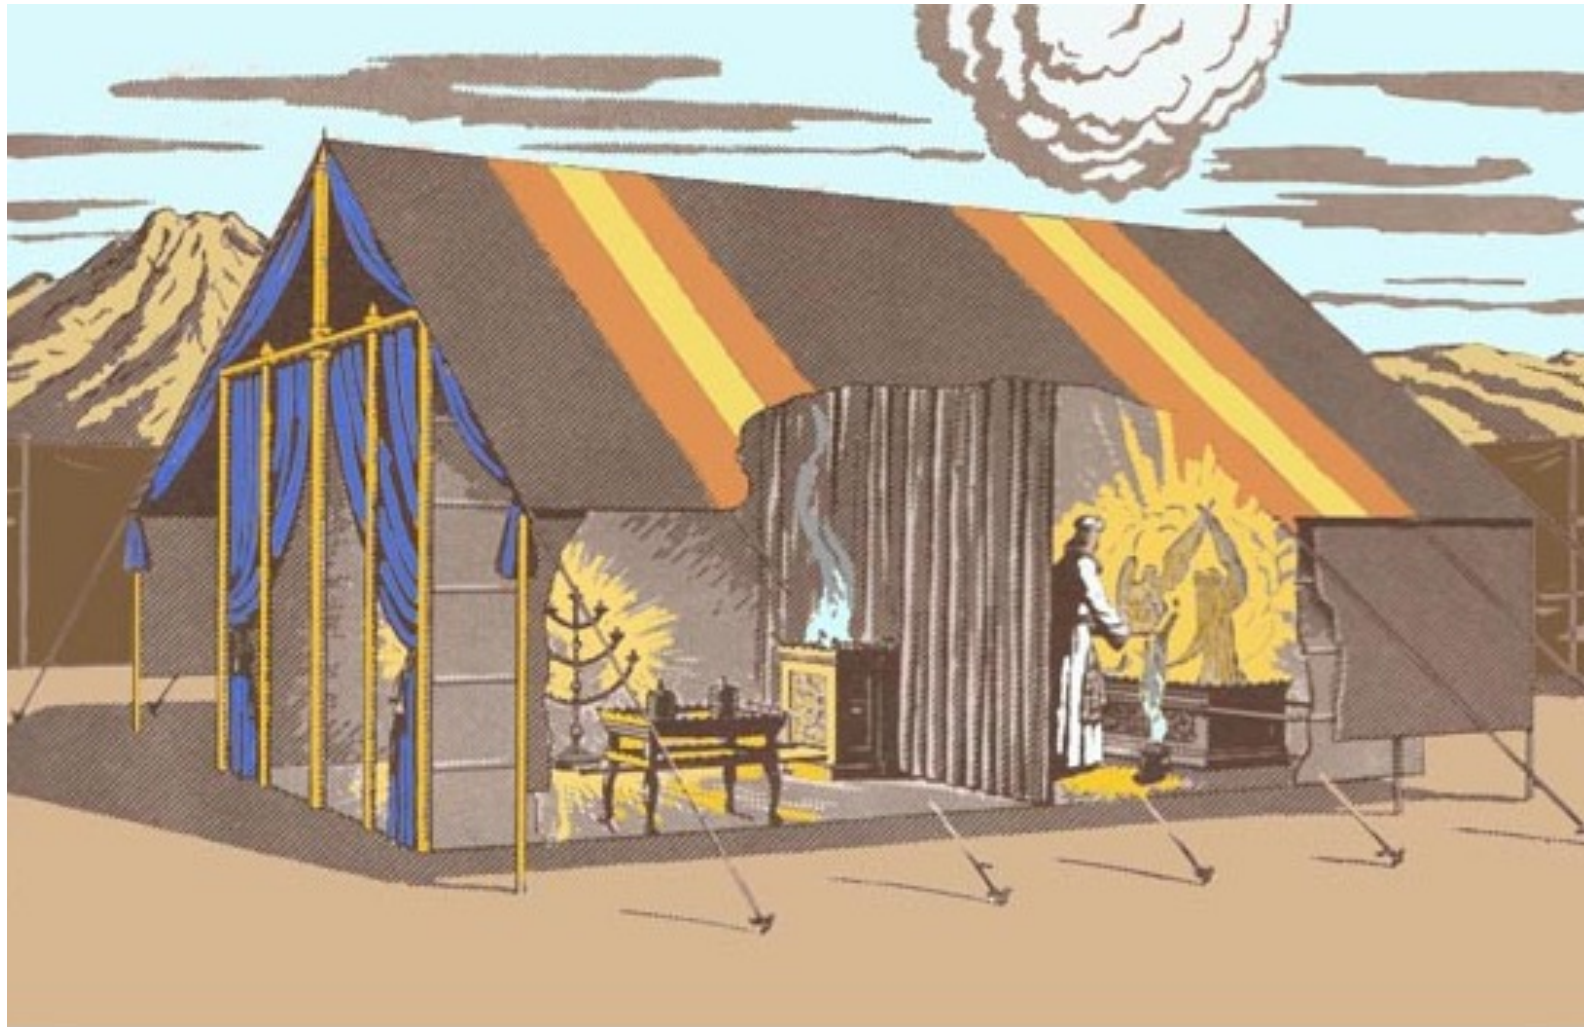

In this apartment there was only one item---The Ark of the Covenant. It was a beautifully made chest overlaid inside and out with gold and covered by the Mercy Seat to which were attached two angels, with wings extended to form a canopy over it.

Inside the Ark were the two tables of stone with the Ten Commandments—the only part of all Scripture actually written by God Himself with His own fiery finger. Also inside the Ark were the two other items—a bowl of Manna and Aaron's Rod that budded.

On the end of the chest was a special place to hold all the parchments containing all the detailed instructions for the sanctuary services, the civil laws, laws of health and hygiene, and laws of relationships, plus care of livestock and much more.

When the Sanctuary was finished , the Lord's Presence filled the tabernacle, and the Shekinah Glory representing God's Presence, rested above the Mercy Seat, between the two angels. It is called the Mercy Seat because God's Mercy and Love had provided a way for Justice and Mercy to meet when Jesus died to pay the penalty of the sins of the world, with His own precious blood. Hebrews 9.

The High Priest ministering in the Most Holy Place on the Annual Day of Atonement, sprinkling the sacrificial blood on the Mercy Seat for the Remission of sins for the year.

The sprinkling of the sacrificial blood on the Mercy Seat, foreshadowed the future coming of the Lamb of God, dying on Calvary, shedding His precious blood on behalf of everyone who has ever lived, “for we have all sinned and come short of the glory of God.” Romans 3:23

But Jesus blood wasn't sprinkled on the Mercy Seat above the Law was it? That's the most amazing part of this story! Allow me to remind you and myself of how wonderful is our Creator—how precise and meticulous He is with all He says and does.

God is omnipotent, (all powerful), omniscient, (all knowing), and omnipresent, (everywhere present.) He is the I AM, the Eternal One, with no beginning and no end—timeless! He's my Maker and I am only a tiny speck of His vast Creation. His Universe of illimitable space is so vast, we cannot presume to know His Majesty or His Ways.

From the tiniest atom, to the most immense star, He orders everything with meticulous accuracy. The physical laws of the Universe are so precise, that we can predict eclipses, and comets appearing within nanoseconds. Using these physical laws we can now, with space vehicles, explore the moon, and planets in our solar system.

We have been able to put space stations in place, and satellites for communications, the internet, navigational guidance systems and much more, utilizing these laws of physics put in place by our wonderful Creator, whether we recognize it or not.

Acts 17:28 says, “In Him we live, and move and have our being.” Colossians 1:17 says, “He made all things and by Him all things consist”.

He is absolutely meticulous in all that He does, and says, down to the finest detail.

What I am about to relate to you is so amazing, that when I first heard about it, the hairs on the back of my neck bristled and my inner being was shaking with incredulity, and I could not accept it as possible.

It was about 1996, when a Christian friend, Allan Edwards of Kingaroy, gave me a copy of an audio tape called “Chariot Wheels”. It was narrated by one Henry Groover, who believes that God has called him to walk for Him in cities all round the world, sharing the Gospel with whoever will listen. His story is very interesting in itself. He was in Jerusalem on one occasion, and happened to meet up with Ron Wyatt, and amateur Archeologist.

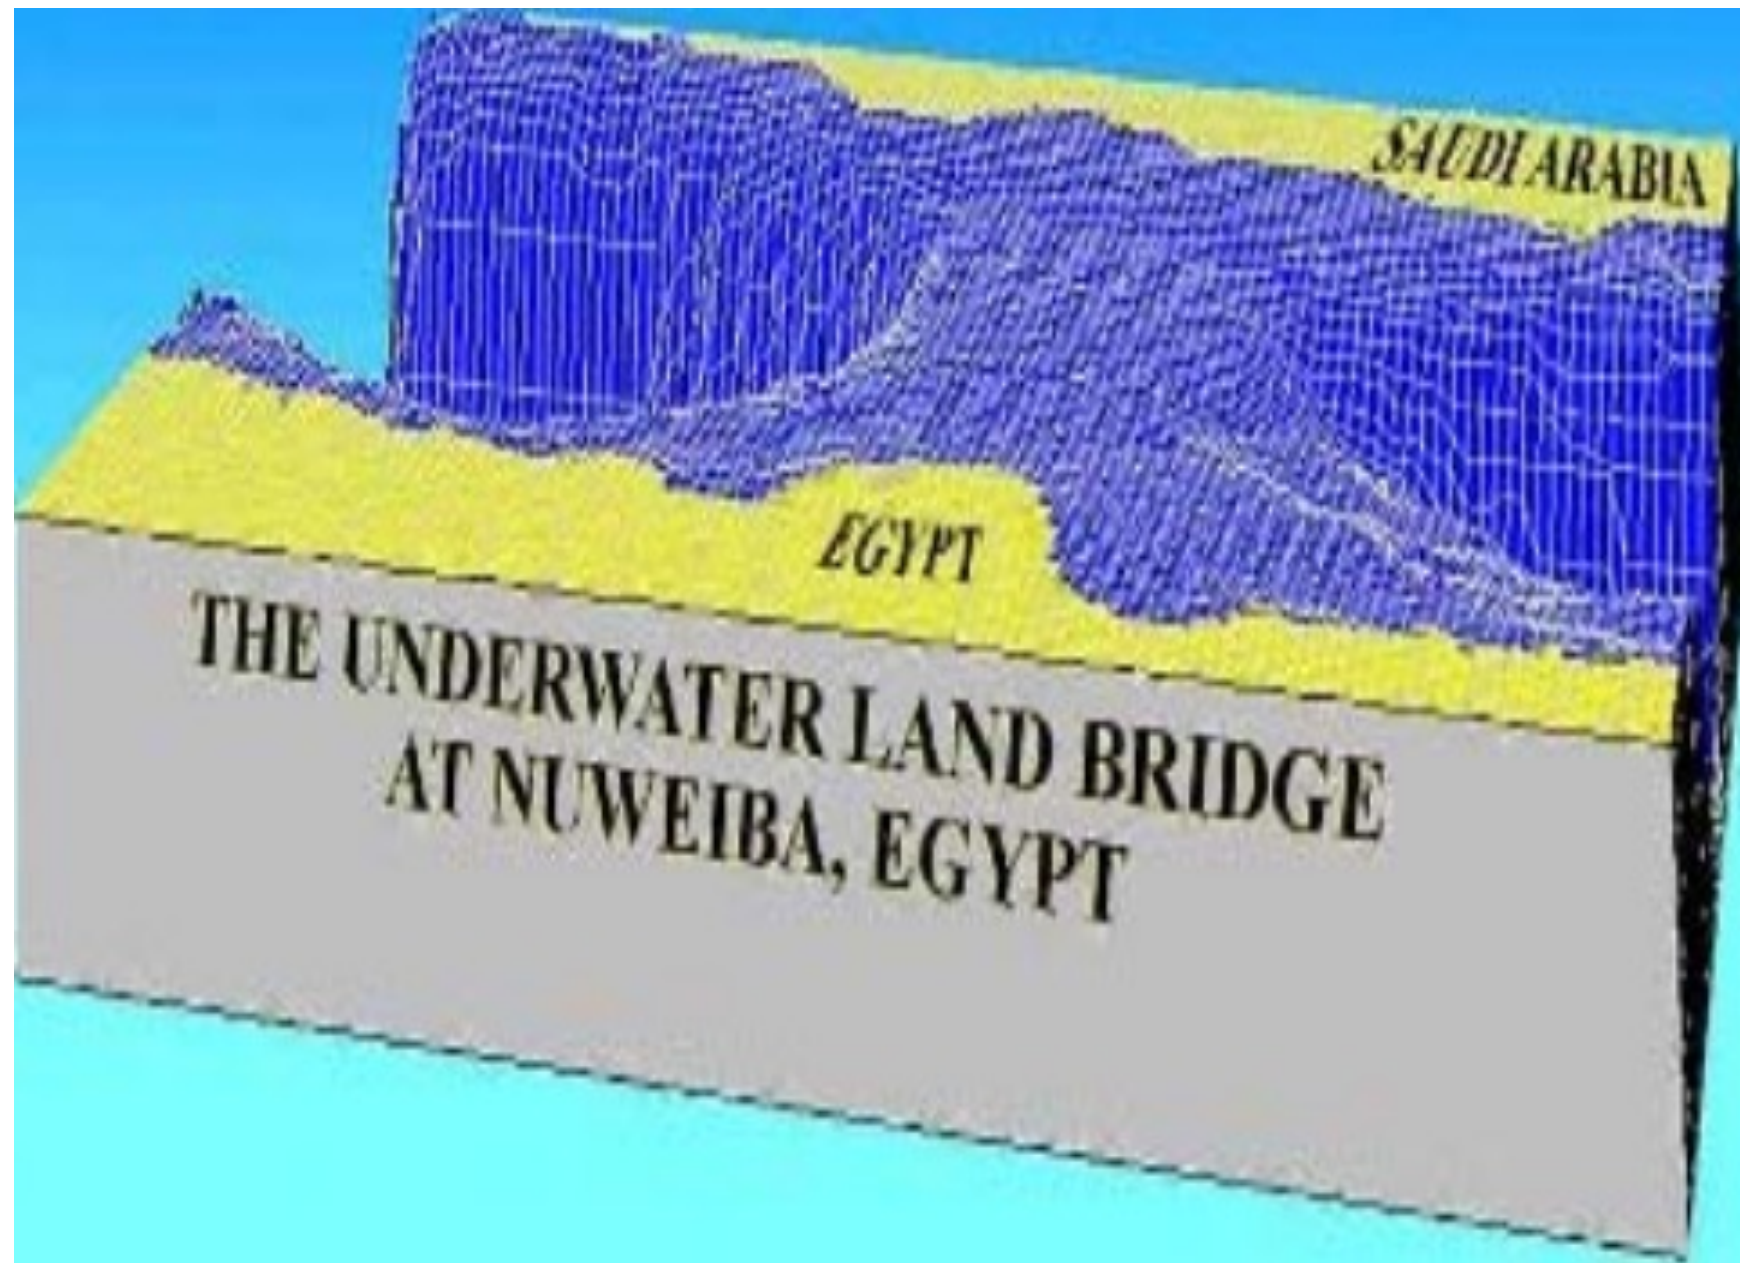

After numerous miraculous incidents that only the Lord could have arranged, they spent some time together, and Ron shared with Henry his findings. Among these discoveries, are the remains of Noah's Ark on the Mountains of Ararat as the Bible says. Genesis 8:4. (Not ON Mt Ararat as some have thought.) He showed pictures of the Ark remains, and the Tourist Centre the Turkish Government have built nearby.

He also told Henry of his finding of Sodom and Gomorrah, and the true Mt Sinai in Arabia as the Bible says. Galatians 4:24,25

The Red Sea Crossing from Nuweiba Beach on an underwater bridge to Arabia, and the Chariot Wheels, and bones of horses and men on the floor of the underwater bridge, was also fascinating, all backed by clear distinct photographs.

The remains of Noah's Ark found in the Mountains of Ararat. Allowing for the ravages of time and weather, these remains match perfectly the dimensions given in the Bible.

Above Photo: Jabal Al Lawz in Saudi Arabia. What fuel could have caused the whole top of this mountain to burn?

Chariot Wheels, encrusted with coral, strewn across the underwater bridge. Some had gold rims, which the Antiquities Department of Egypt identified as those of the priest's chariots, and dated to the time of the Exodus.

Check out these videos on the remains of Sodom and Gomorrah:

These videos show clearly the hand of the Lord in what happened to these wicked cities, where Sodomy was openly practised.

There were five cities in all that were completely burnt to ash as shown in the films.

Again, for more on this subject, just enter Ron Wyatt into a Search Engine and you'll have all the evidence you wish.

Ron then told Henry about how he found the resting place of the Ark of the Covenant!

I need to interject a little history here so that we will fully understand the significance of all this.

When the Babylonian armies surrounded Jerusalem, intent on destroying it and the people, Jeremiah the prophet, following instructions from God, and with some helpers, removed the Ark of the Covenant from the Most Holy Place of the Temple, and hid it, and some other items, in a special cave at the end of a tunnel off a huge underground quarry under Mt Moriah, where Solomon's workers obtained the stone for the Temple and for his own palace. Now the most startling part!

Ron told Henry that when Jesus died and the soldier pierced his side with a spear, the blood and water that flowed down to the foot of the cross, ran directly into a crack in the rock caused by the earthquake when Jesus died. That crack in the rock went twenty feet down and allowed the blood of Jesus to spill directly on to the Mercy Seat of the Ark, placed there in a cave 700 years previously, by Jeremiah and his helpers, thus exactly fulfilling the type or foreshadow depicted by the Day of Atonement service!

Now, I don't know about you folks, but when I first heard of this, I found it too incredible to be true. I want to share with you why I now believe it is true.

After a few years, we learnt that Ron Wyatt was coming to visit Australia, and we attended his meeting in Toowoomba, and again in Brisbane. I could not fault the man in any way.

I spoke personally with Ron, and shook his hand but could not fully accept that it was true, and held on to my skepticism still. After all, the SDA Archeologist –David Downs--with PHD etc, said it was all fake, and even the Creation Science people put out a special article in their magazine denouncing Ron's finds as a hoax.

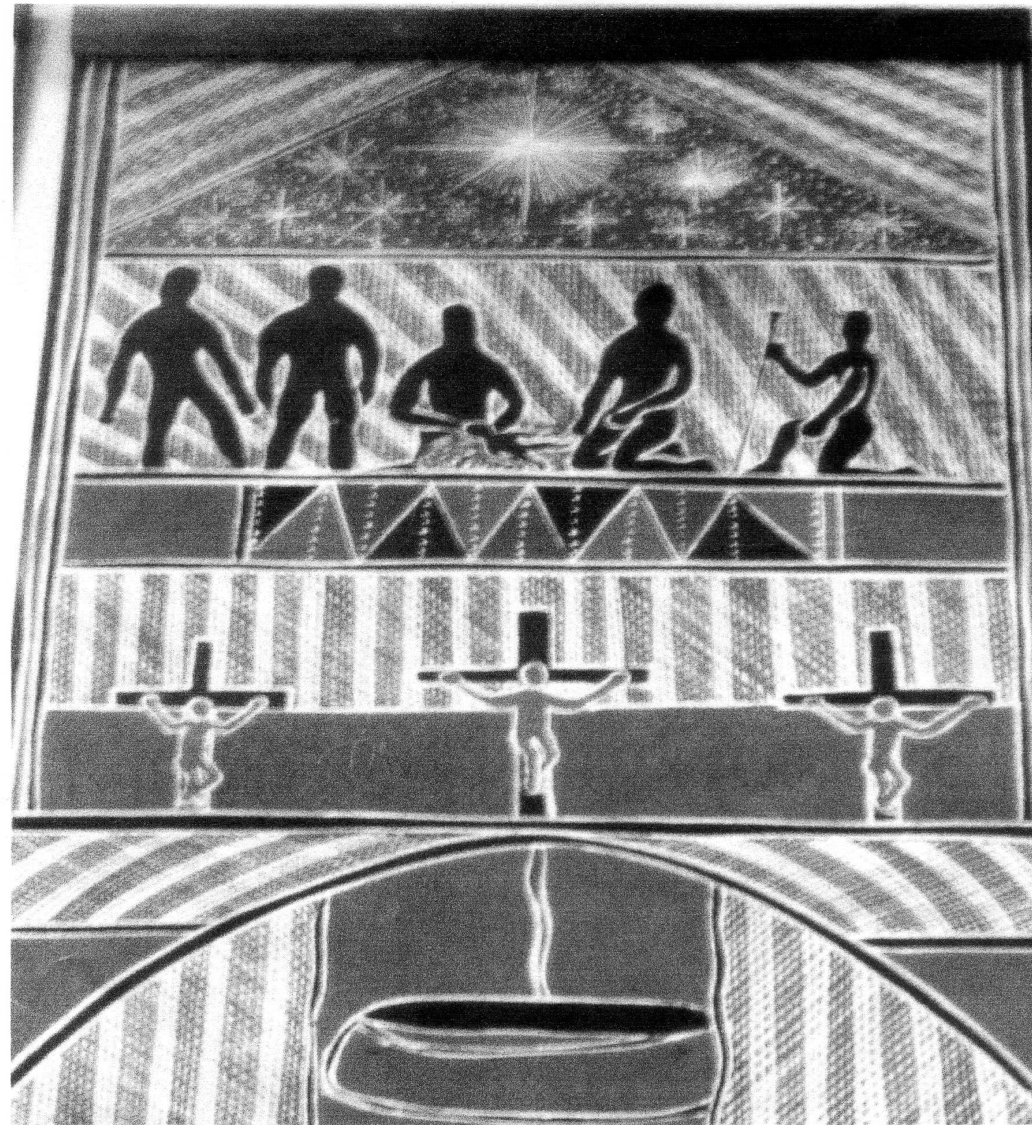

You know in Baseball, it's three strikes and you're out! Well, I had two strikes already, and the third was soon to come.

One day I was speaking over Skype I think it was, with a friend in Nowra, Mark Yeates, and we happened to get to discussing this supposed finding of the Ark. When I finished relating what I had learnt so far, he said, "Don, that is very interesting. My wife's relatives live in a little village called Maningrida in Arnhem Land in the Northern Territory. "

He went on to describe how one of the local aboriginal painters, --Nicholas Pascoe, had painted a large mural on the wall behind the pulpit. He described how Nicholas had portrayed the Star that led the wise men, the nativity scene under that, then the crucifixion scene, and under the centre cross, he had a cave with a box in it, and the blood running down and falling on the box which obviously was portraying the Mercy Seat. Incredible!

I asked Mark if Nicholas knew of Ron or Jonathan Gray who has written a book about it all, and he assured me that Nicholas had never heard of either of them! Wow!

I also asked if Mark could possibly get me a picture of the mural, and in due course he sent me the picture as you see on the next slide. Amazing! Third strike and I'm out! I am now a firm believer in our wonderful Lord and Creator Who fulfils His Word to the very minutest detail!

Dear brothers and sisters. This old world is becoming more and more wicked by the day. The great Day of the Lord is just around the corner, and someone has suggested that if God doesn't act soon, He will need to apologize to Sodom and Gomorrah.

Even people who don't profess any faith in our Creator can see that there is a showdown imminent for our world. Nature is telling us with catastrophes happening daily, crime & war rampant, and the Elite Few are hell-bent on establishing a One World Government, with human laws in direct opposition to the Laws of God, and this is all foretold in the Scriptures. This is now being spoken of openly in the media and is definitely being engineered as a means of total control of the world.

מלאכתך: ויום
 השביעי שבת לה אלוהיך
 וא תעשה כל מלאכה אותה
 ובן יבחר עבדך ואמרת
 בחפצך ותרך אשר בשעריך:
 כי ששה ימים עשה ה' את
 השמים ואת הארץ את הים
 ואת כל אשר בהם ויום השביעי
 השביעי על כן בריך ה' את
 יום השבת ויקדשו בו את
 בידך ואת אמך למען והרכון
 וסוך על הארצה אשר ה'
 אלוהיך נתן לך לא תרצו
 לא תבא: לא תגבה לא תענה
 כהעך בד שטר: לא תחמוד
 בית רעה לא תחמוד אשת
 רעך ועבדו ואמנתו ושורו
 וחמורו וכל יצור ידעך

אנכי ה'
 אלהיך אשר הוצאתיך
 מארץ מצרים מבית עבדים
 לא יהיה לך אלוהים אחרים
 על מטה לא תעשה לך סמל
 וכל תמונה אשר בשמים
 מעל הארץ בארץ בהמה
 וצמד בעים מתוח לארץ לא
 תשתחוה להם ולא תעבדם כי
 אנכי ה' אלהיך אל קדש
 עני אבותי אל בנים על שלשים
 על בעים יבא ועשה
 אל לאלוהים להחבי ולעבד
 תבואתך וכל תבואת שבע
 תשליך למטה כי לא תאכל
 וכל יבא וכל תבואת שבע
 תשליך למטה כי לא תאכל

I believe that God, in His own time will have those tables of stone inscribed with His Law, brought forth as a final witness to the world. Then every soul will have to make a decision to serve God or serve man, thus deciding their eternal destiny.

Let's offer our lives in service to our wonderful Lord and Saviour, and do our part in sharing the Gospel message to all we meet, while He is still acting on our behalf as our Advocate in the Courts of Heaven.

May the Lord bless you. May He lift up His face upon you and give you peace.

Don and Naomi Menkens.
